## Hunger Fight Announces FreshJax as Legacy Partner

*Partnering to end childhood hunger*

Hunger Fight was thrilled to announce FreshJax as their legacy partner. FreshJax is a Jacksonville, Florida-based family business that handcrafts organic spice blends. They have agreed to a long-term partnership to end childhood hunger.

FreshJax also has a mission to combat childhood hunger and donates a meal to a hungry child for every gift set or two large spice bottles purchased on their website.

“There are so many synergies with Hunger Fight and FreshJax, we couldn’t have picked a more “organic” legacy partner. We both have a passion and mission for eradicating childhood hunger and with both organizations being headquartered in Jacksonville, I think teaming together will allow us to make an even larger impact in our community,” said Sherri Porter, Founder and Executive Director of Hunger Fight.

“Teaming up with Hunger Fight allows us to give back to the community who is supporting us on our mission and our vision to donate more than 50 million meals to kids in need. Every FreshJax sale creates a donation. We are excited to see how our combined efforts and passion to feed hungry children in need will change the world,” Jason McDonald, CEO FreshJax.

As a legacy partner, FreshJax will have a room named after them at the current and future Hunger Fight headquarters. You will also start to see joint branding on meal pouches and boxes.

*With FreshJax’s contribution to the capital campaign, Hunger Fight hopes to purchase their own warehouse by October 2023 to enable them to host more in-house packing events and provide more meals and books to those in need.*

# Inaugural Easter Packing Event

This year, around Easter, Hunger Fight held a packing event hosted by First Baptist Church of Middleburg at their location. Several different churches in the area came together to make this packing event a success. With eight tables and over 80 volunteers packing meals, this event was a huge victory for those facing hunger and illiteracy. 23,856 meals and 800 books were able to be distributed to those in need because of this event. Hunger Fight sends a huge thank you to everyone who made this event possible.

*Hunger Fight sends a great big thank you to all the community partners for the outstanding effort put forth to further our mission.*
